

# CONTENTS

<b>Chapter 1 What Is Research?</b> .....	1
• Introduction.....	2
• Defining “research” .....	2
• Classifications of research .....	6
• The research process.....	12
• Research ethics .....	14
• Chapter summary .....	20
• Discussion questions.....	20
<b>Chapter 2 Fundamental Concepts</b> .....	21
• Introduction.....	22
• Hypothesis.....	22
• Theory and model.....	24
• Population and sample.....	26
• Variables .....	27
• Scales of measurement.....	32
• Operationalization.....	36
• Chapter summary .....	39
• Discussion questions.....	41
<b>Chapter 3 Developing Research Questions</b> .....	42
• Introduction.....	43
• Research questions, research problems and research purposes .....	43
• Formulating and refining research questions .....	45
• Problems in question formation .....	51
• Chapter summary .....	55
• Discussion questions.....	56
• Tasks.....	57
<b>Chapter 4 Reading the Literature</b> .....	58
• Introduction.....	59
• Searching for literature .....	59
• Procedures for reviewing literature.....	68
• When to stop reading? .....	76
• Chapter summary .....	76
• Discussion questions.....	77
• Tasks.....	77
<b>Chapter 5 Selecting a Research Design</b> .....	78
• Introduction.....	79
• Quantitative and qualitative designs .....	79
• Bridging the gaps: Mixed methods design .....	83
• Links between research questions and designs.....	86

• Deciding your design .....	87
• Complexities in classifying designs .....	91
• Chapter summary .....	93
• Discussion questions.....	94
<b>Chapter 6 Survey Studies .....</b>	<b>95</b>
• Introduction.....	96
• A brief description of survey studies .....	96
• Types of survey studies .....	97
• Instrument designing: A brief introduction to questionnaires .....	98
• Question design.....	101
• Scaling techniques .....	110
• Selecting subjects .....	112
• Questionnaire administration.....	118
• Piloting the questionnaire .....	119
• Practical considerations .....	119
• Chapter summary .....	121
• Discussion questions.....	122
• Task.....	123
<b>Chapter 7 Experimental Studies .....</b>	<b>124</b>
• Introduction.....	125
• What is an experimental study? .....	125
• Characteristics of experiments.....	127
• Types of experimental studies.....	134
• Procedures in conducting an experimental study.....	140
• Chapter summary .....	146
• Discussion questions.....	148
• Task.....	148
<b>Chapter 8 Case Studies.....</b>	<b>150</b>
• Introduction.....	151
• Understanding case studies.....	151
• Designing case studies.....	154
• Collecting case study data .....	158
• Chapter summary .....	177
• Discussion questions.....	178
• Task.....	179
<b>Chapter 9 Action Research .....</b>	<b>180</b>
• Introduction.....	181
• Action research: What is it and why is it necessary? .....	181
• Characteristics of action research .....	182

• Models of action research .....	184
• Conducting action research .....	187
• Collecting action research data.....	193
• Chapter summary .....	197
• Discussion questions.....	197
• Task.....	198
<b>Chapter 10 Analyzing Quantitative Data .....</b>	<b>199</b>
• Introduction.....	200
• Types of quantitative statistics .....	200
• Preparing data for quantitative analysis .....	208
• Processing quantitative data analysis .....	217
• Problems in inputting the data .....	227
• Chapter summary .....	228
• Discussion questions.....	229
• Tasks.....	230
• Suggested reading .....	230
<b>Chapter 11 Analyzing Qualitative Data .....</b>	<b>231</b>
• Introduction.....	232
• Qualitative analysis: A brief introduction .....	232
• Qualitative analysis: A comparison with quantitative analysis .....	232
• Preparing data for qualitative analysis .....	235
• Systematic operations in qualitative data analysis .....	240
• Validity and reliability of qualitative data analysis .....	252
• Chapter summary .....	252
• Discussion questions.....	253
• Suggested reading .....	253
<b>Chapter 12 Thesis Writing: An Overview .....</b>	<b>254</b>
• Introduction.....	255
• Defining a thesis .....	255
• The structure of a thesis: An overview .....	255
• The preliminary part.....	256
• The main text .....	269
• The end matter .....	276
• Chapter summary .....	277
• Discussion questions.....	278
• Tasks.....	279
<b>Chapter 13 Writing Up Your Research .....</b>	<b>280</b>
• Introduction.....	281
• Writing an introduction .....	281

• Writing the literature review .....	286
• Describing the research methodology .....	295
• Reporting the research results/findings .....	301
• Discussing the results/findings .....	304
• Concluding the study.....	306
• Chapter summary .....	311
• Discussion questions.....	312
• Suggested reading .....	312
<b>Chapter 14 The Academic Writing Style .....</b>	<b>313</b>
• Introduction.....	314
• Plagiarism .....	314
• Language use in a thesis.....	319
• Spelling .....	321
• Italics.....	323
• Tables and figures.....	324
• Numbers .....	326
• Quotations .....	328
• In-text citations.....	330
• APA referencing style .....	333
• Chapter summary .....	334
• Discussion questions.....	335
• Suggested reading .....	336
