Some new students of Blue Sky College want to learn more about college life. They are now talking with Mrs Brown, their counsellor.

Mrs Brown: I know you all have questions about college life. Just ask, and I'll try my best to answer.

Catherine: Mrs Brown, what's the major difference between high school and college?

Mrs Brown: Independence. As college students, you will have a lot of freedom. That means you must mainly rely on yourselves and make your own decisions. On the other hand, you must be responsible for everything you do.

Steven: I heard that the library is very important for college students. Is that true?

Mrs Brown: Sure. Reading in the library is an important part of college life. You should make full use of the library.

Linda: How about campus activities?

Mrs Brown: There are many interesting activities on campus. They are organised by different student clubs. If interested, you can join them. It's a good way to improve communication skills, to make friends and to enjoy your hobbies.

Peter: This is my first time to share a room with strangers. I feel a little bit uncomfortable. What should I do?

Mrs Brown: Good question. First, don't see your roommates as strangers. They'll probably become your lifelong friends. Second, respect privacy — don't use their belongings without permission. Of course, you can speak frankly about your habits. Communicate often and you'll get along well with one another.

There is so much to college!

Life in vocational colleges is very different from that in high schools. Here are three students “showing off” their favourite places at college.

Image salon

The image salon in our college is amazing! You can go there to have your hair cut, to have your shoulders and back massaged, to have nail treatment, etc. The services are professional and the prices are reasonable. The image salon is run by the teachers and students from the Beauty and Hairdressing Department of our college.

Café

I like the café in our college. The atmosphere there is friendly and relaxing. We usually have group discussions there. Sometimes we just sit and chat over a cup of coffee. The waiters and waitresses there are mostly students of our college.

Gym

I like sports, but sometimes I don't want to spend much time on the playground. The gym becomes my best choice. It is air-conditioned and has many exercise facilities. I go to the gym at least twice a week. I often meet students doing part-time jobs there.
